References

1. Regions and constituents as per UN categorisations/map except notes 2-3, 6. Depending on definitions, various territories cited below (notes 3, 5-7, 9) may be in one or both of Oceania and Asia or North America.
2. The use and scope of this term varies. The UN designation for this subregion is "Australia and New Zealand."
3. New Zealand is often considered part of Polynesia rather than Australasia.
4. Christmas Island and Cocos (Keeling) Islands are Australian external territories in the Indian Ocean southwest of Indonesia.
5. Excludes parts of Indonesia, island territories in Southeast Asia (UN region) frequently reckoned in this region.

6. Indonesia is generally considered a territory of Southeastern Asia (UN region); wholly or partially, it is also frequently included in Australasia or Melanesia. Figures include Indonesian portion of New Guinea (Irian Jaya) and Maluku Islands.
7. Papua New Guinea is often considered part of Australasia as well as Melanesia.
8. On 7 October 2006, government officials moved their offices in the former capital of Koror to Melekeok, located 20 km northeast of Koror on Babelthuap Island.
9. Fagatogo is the seat of government of American Samoa.
10. Tokelau, a domain of New Zealand, has no capital: each atoll has its own administrative centre.
